iSPIRAL
Your Regulatory Technology Partner

iSPIRAL is a leading provider of Regulatory Technology, staffed by an expert team of AML Compliance and Technology professionals. We're here to ensure our clients are able to comply effortlessly with all local and global compliance regulations, and to assist in the fight against illegal activities including organised crime, terrorism, human and drug trafficking.

VELOS

VELOS SOFTWARE PLATFORM MODULES

CRM
Manages customer information, tracks sales leads, conducts and monitors marketing campaigns and improves customer communications

CORPORATE ADMINISTRATION
Handles all entity data efficiently and securely, delivering a full range of Entity Management, Corporate Governance and Company Secretarial services

KYC/AML
Rates the risk of potential or existing clients (taking into consideration customer circumstances, business type, source of funds, etc) through the use of automated risk evaluation software

TRANSACTION MONITORING
Ensures anti-corruption, using tools which automatically flag potentially suspicious transactions while ignoring ordinary or expected activity

TIME MANAGEMENT
Allows for cost-efficient time management of tasks and processes, streamlines timesheet management and allows for advanced functionality

BILLING
Tracks the billable hours for each project, ensuring transparency, accurate invoicing and effortless administration of budgeting and client billing

PAYROLL
Streamlines and automates the process of paying employees, managing the entire procedure of employee payment and employee taxes

ADVANCED TASK MGT
Provides efficient management of recurring tasks included in the organisation's services (effectively tracks milestones, accomplishes tasks on time)

IMMIGRATION
Facilitates documentation and reporting in the processing of Citizenship and Residency Permits

At iSPIRAL, you - Our client - Will Always come first!
