A licensed accounting and corporate provider, [Globalserve Consultants](#) is one of the leading firms in its sector in Cyprus. The firm offers its national and international clients a wealth of accounting, tax, legal, banking, corporate and financial advisory services, including: incorporation and administration of companies; banking; formation of trusts and foundations; corporate and legal; accounting and VAT; and payroll and social insurance; tax advice and planning; and the formation and management of international business companies in countries such as Cyprus, the UAE, the UK, Malta, Hong Kong, Singapore, Switzerland, and Luxembourg.

## THE CHALLENGE:

For an organisation with such a large spectrum of operations both in Cyprus and abroad, complete automation in Corporate Administration and an unparalleled level of effective Entity Management was required. This automation streamlines time-consuming processes and effectively replaces a high intelligence system which can handle processes in an accurate, robust and safe manner.

## VELOS CORPORATE ADMINISTRATION SOLUTION:

The Velos Corporate Administration Solution enables users to maintain detailed company statutory information, regardless of the amount or complexity of data. All required documents are generated through effective automation (including the required Registrar Office Documentation), and the Solution allows for seamless registration procedures and effective share management by defining share capital, providing a full transaction register functionality, assigning shareholders and beneficiaries etc.

**BENEFITS:**

The Velos Corporate Administration Solution provided Globalserve Consultants with an unparalleled level of effectiveness in managing a vast array of complex administrative procedures. This, in turn, allowed for an in-depth understanding of corporate performance, and immeasurable savings in terms of the time and effort required to maintain corporate entity information.
