THE CHALLENGE:

For an organisation which offers such a wide array of services, the challenge is the provision of high quality solutions which increase time efficiency and cost benefits while also ensuring that the vast amounts of confidential information are safeguarded. Bearing in mind that the firm's services rely heavily on compliance, a completely trustworthy AML strategy was also required.

THE TASK MANAGEMENT SOLUTION:

:

iSPIRAL's clever and robust Task Management Solution employs high functionality to ensure all tasks and workflow processes are securely and efficiently managed. The Solution allows tasks to be carried out to deadline and within set time parameters, creating valuable task prioritisation and increased levels of productivity.

BENEFITS:

With the introduction of the Time Management Solution, users were able to follow a clear path on tasks to be completed, avoiding misunderstandings and loss of efficiency. The holistic AML framework of actions allowed the organisation to enforce a complete, accurate and clear risk evaluation of its pool of clients. As a whole, the Solutions provided the organisation with increased efficiency and decreased costs across the board.
