Who are our Partners

Compliance Consultants

Help your clients fight financial crime by providing exceptional tools and knowledge.

Technology Providers

Our partners include leading technology innovators, contributing to the creation and delivery of cutting edge client experience

System Integrators

Offer breakthrough RegTech solutions to your customers improving your reputation and maximizing client satisfaction!

Financial Institutions

Enrich your clients operations with remarkable risk management software powered by the latest technologies

We are here for you

We understand that in this fast-paced digital business world, nothing is to be taken for granted. iSPIRAL platforms are not only marbles of today's RegTech industry, but a statement for its future as well. With the use of BI Data and AI, our solutions are adapting to each firm differently and are able to coexist with the already operating software as master puzzle pieces.

You can focus on driving lead generation and sales, as our team consisted of highly trained professionals will cover the technical, promotional and operational aspects.

Our Partnership Programs

Reseller

Resell RegTek+, eGRC, iKYC and Velos Platforms to new customers, using our joint value proposition and making the necessary investments in sales and marketing. Associate partners work with iSPIRAL Channel Managers to develop a go-to-market plan and ensure success, from onboarding to execution.

White Label

Enhance your existing product offerings by integrating them with iSPIRAL's solutions and formulate breath-taking software that will allow you to market directly and at a lower risk, saving time and resources. The end result can lead to an increase in sales that will rank your firm as a market leader.

Custom Integration

Choose the solutions which reflect your business and enrich your product line, creating a hard-to-resist market proposition. This program will allow you to enter the market faster and with proven software which will create a low investment risk and lead to higher ROI.

Marketing Referral

Work with us to establish an initial joint value proposition, with the end goal of building a long-term relationship. At this level, Partners refer opportunities and iSPIRAL manages the sales cycle. Once the deal is won, Partners receive a percentage of the deal based on a pre-negotiated rate.
